Health & Safety Policy

This policy confirms the commitment of Accutronics Limited to comply with the requirements of current applicable Health and Safety Legislation and the associated obligations to ensure that all employees are able to perform their duties without undue risk to their health and safety, their colleagues, or others who are exposed to the company's operations.

To this end Accutronics Limited will endeavour to provide and maintain, as far as reasonably practicable, a safe and healthy working environment and ensure that adequate controls and safe systems are applied to all our activities.

The establishment of an effective structure and the delegation of responsibility to staff within the organisation achieve this aim. It is also the responsibility of all employees to take reasonable care with regard to their own health and safety, and that of their colleagues.

To ensure employees understand their personal responsibilities, Accutronics Limited shall provide information, instruction, training and supervision, relating to their health and safety whilst at work, to all employees.
